Editor's note

Awards rose to 52 this week from 35, and EPC items rose to 98 from 78. The largest open tickets are in European rail and ports: Romania's CFR wants bids by 23 Nov on a US$864m, 7-lot track superstructure tender, and Dublin Port has put out a US$280m civil works framework. MCC took two Chinese EPC awards, a US$175m blast furnace and a US$143m limestone mine. For bidders, the pattern is public owners in Europe bundling maintenance and civil work into lots and frameworks, so line up partners and suppliers before the deadlines, not after.
