PROJECT 1 OF 3

Awarded

Greece

Shipyard & Fleet

Akrotiri Tankers orders second suezmax at New Times Shipbuilding

\$84.4m

Price of second suezmax, per shipbroking sources

Greek owner Akrotiri Tankers has gone back to China's New Times Shipbuilding for a second suezmax crude tanker, Splash247 reports. Shipbroking sources put the order at \$84.4m.

PROJECT 1 OF 3 • THE OPPORTUNITY

Akrotiri Tankers orders second suezmax at New Times Shipbuilding

WHO

Owner: Akrotiri Tankers. Shipbuilder: New Times Shipbuilding.

OPPORTUNITY FOR

This is an awarded newbuild, so it matters to marine equipment and system suppliers serving New Times. Akrotiri has placed LR1, suezmax and VLAC orders at the same yard, so most of its newbuild demand goes through one shipbuilder.

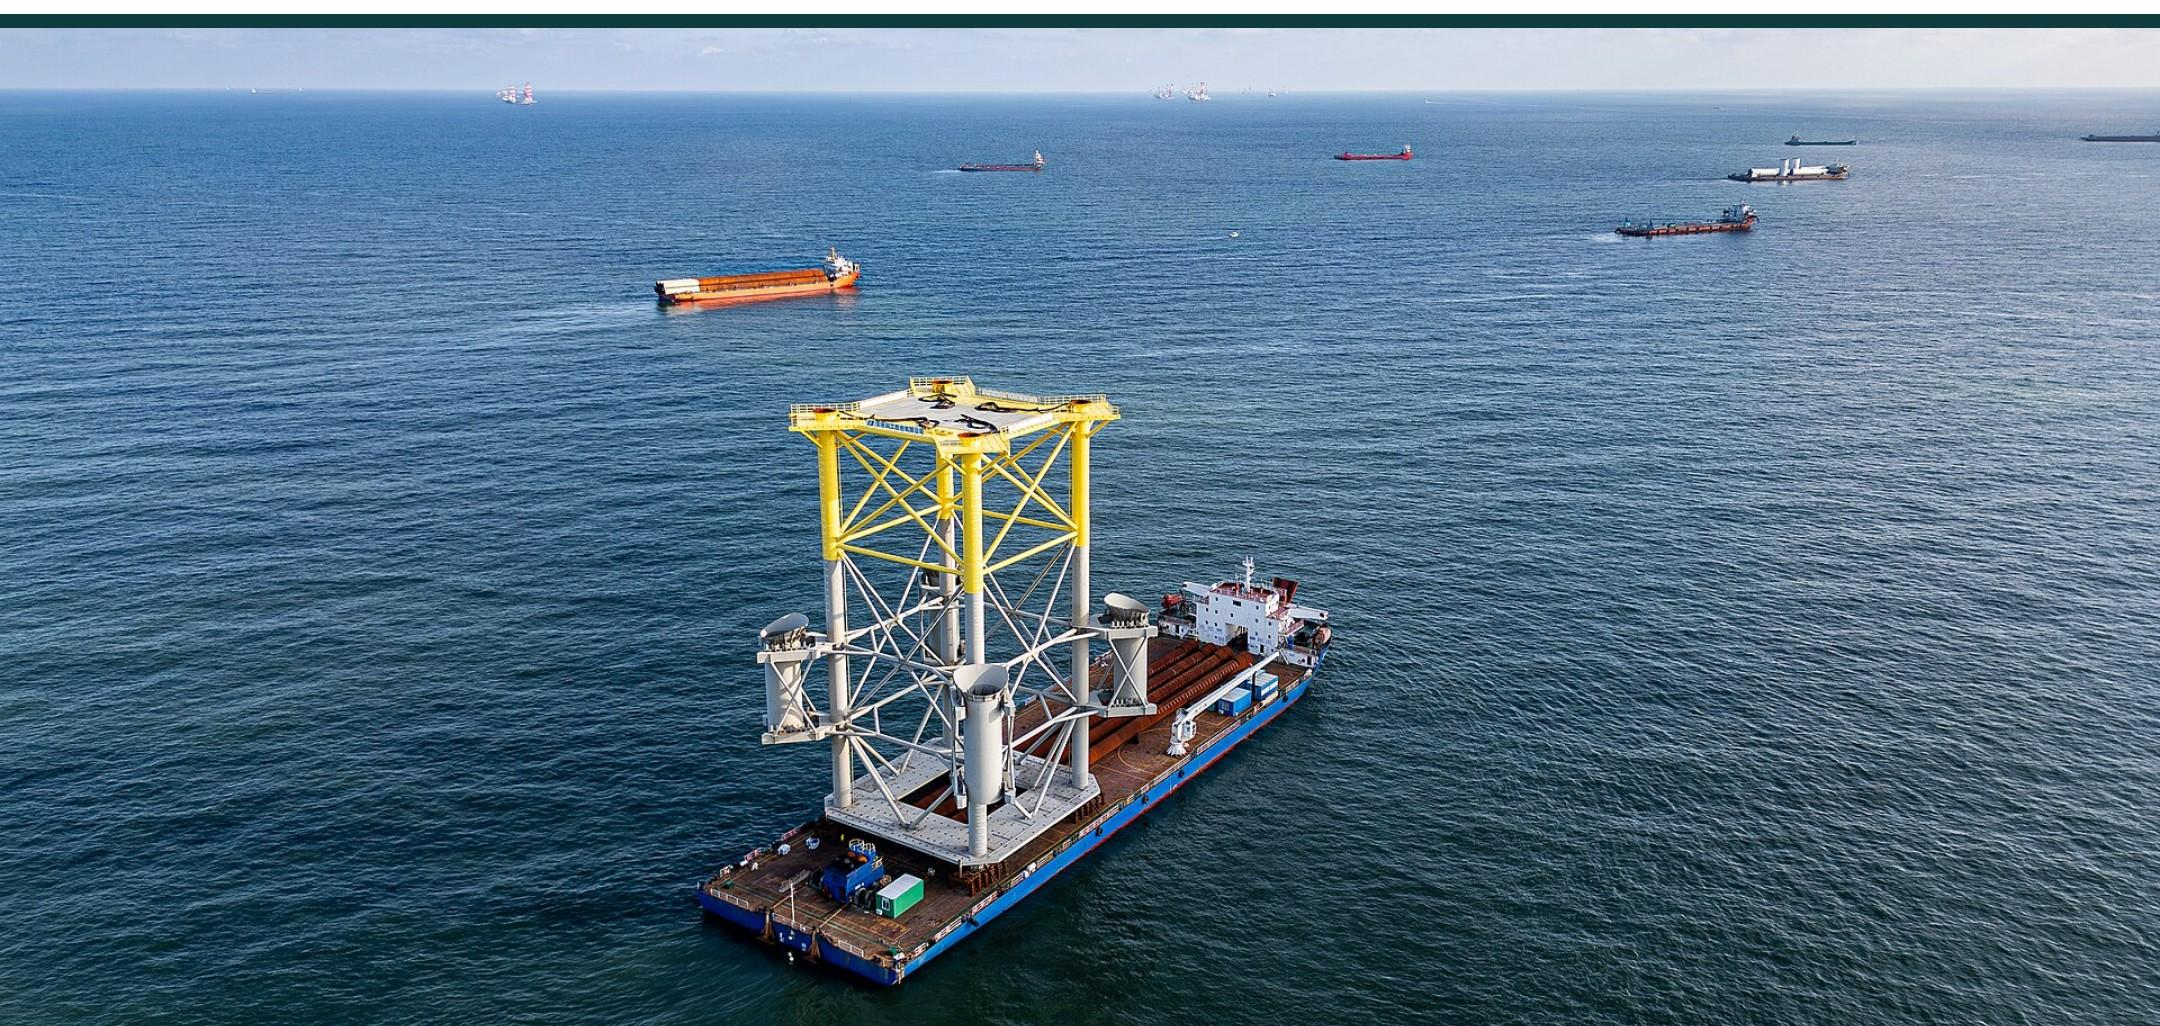

KEY FACTS

- 157,000 dwt tanker scheduled for delivery in June 2029
 - First suezmax at New Times, booked earlier this year, cost around \$82m
 - Akrotiri also ordered two 93,000 cu m VLACs at New Times for 2029 delivery
-

WHAT TO WATCH

Delivery of both suezmaxes, due in 2029, with the second ship scheduled for June 2029.

Awarded

United Kingdom

Renewables

Siemens Gamesa charters Purus Horizon SOV for North Sea wind

2027

Vessel due to start work early in the year

Siemens Gamesa has taken Purus' service operation vessel Purus Horizon on a long-term charter for offshore wind maintenance in the North Sea, Splash247 reports.

PROJECT 2 OF 3 · THE OPPORTUNITY

Siemens Gamesa charters Purus Horizon SOV for North Sea wind

WHO

Vessel owner: Purus. Charterer: Siemens Gamesa.

OPPORTUNITY FOR

This charter has been awarded, so it is relevant to offshore wind O&M service providers, crewing firms and vessel suppliers in the North Sea. Purus has not named the wind farms, so the way in is through Purus and Siemens Gamesa directly.

KEY FACTS

- Purus has not disclosed the wind farms, charter length or value
 - Ex-Edda Passat began a five-year contract at Ørsted's Race Bank off the UK in 2018
 - Purus won a five-year CSOV charter for Purus Power at OranjeWind earlier this year
-

WHAT TO WATCH

Work is due to start early in 2027. Also watch for Purus or Siemens Gamesa to name the North Sea wind farms the vessel will serve.

PROJECT 3 OF 3

Awarded

Ghana

Oil & Gas

Tullow books Noble drillship for up to 10 wells offshore Ghana

10 wells

Maximum scope of Noble Faye Kozack contract

Tullow Oil has awarded Noble Corporation a contract for the 2013-built drillship Noble Faye Kozack to work offshore Ghana, Splash247 reports. The contract covers up to 10 wells.

PROJECT 3 OF 3 • THE OPPORTUNITY

Tullow books Noble drillship for up to 10 wells offshore Ghana

WHO

Operator: Tullow Oil. Drilling contractor: Noble Corporation.

OPPORTUNITY FOR

The rig contract has been awarded, and a campaign of up to 10 wells offshore Ghana points to work for well service, supply and logistics providers. The mid-2027 start date gives them time to get in front of Tullow and Noble.

KEY FACTS

- Work expected to start in mid-2027, after the rig finishes its current job
 - Tullow hired Noble Venturer in November 2025 under a \$171m contract
 - Venturer deal covers an estimated 360 days in two phases plus a one-well option
-

WHAT TO WATCH

Start of operations in mid-2027, once Noble Faye Kozack wraps up its current work.
