PROJECT 1 OF 3

Development

Australia

Wind

Bungaban 1.4GW wind farm wins federal approval, Queensland

1.4GW

wind farm capacity, up to 204 turbines

Bungaban Wind Energy project has secured federal environmental approval, with construction targeted for 2027, per Construction Review Online. The site lies between Wandoan and Taroom in Queensland's Western Downs and Banana Shire.

PROJECT 1 OF 3 • THE OPPORTUNITY

Bungaban 1.4GW wind farm wins federal approval, Queensland

WHO

Owner: Windlab and Squadron Energy (50:50 JV, Bungaban Renewable Energy Hub). EPC: Not named in the report.

OPPORTUNITY FOR

Development stage, large scale. The scope covers up to 204 turbines, access roads, electrical networks, substations and battery storage. It is relevant to turbine OEMs, civil and electrical contractors and BESS suppliers ahead of 2027 construction.

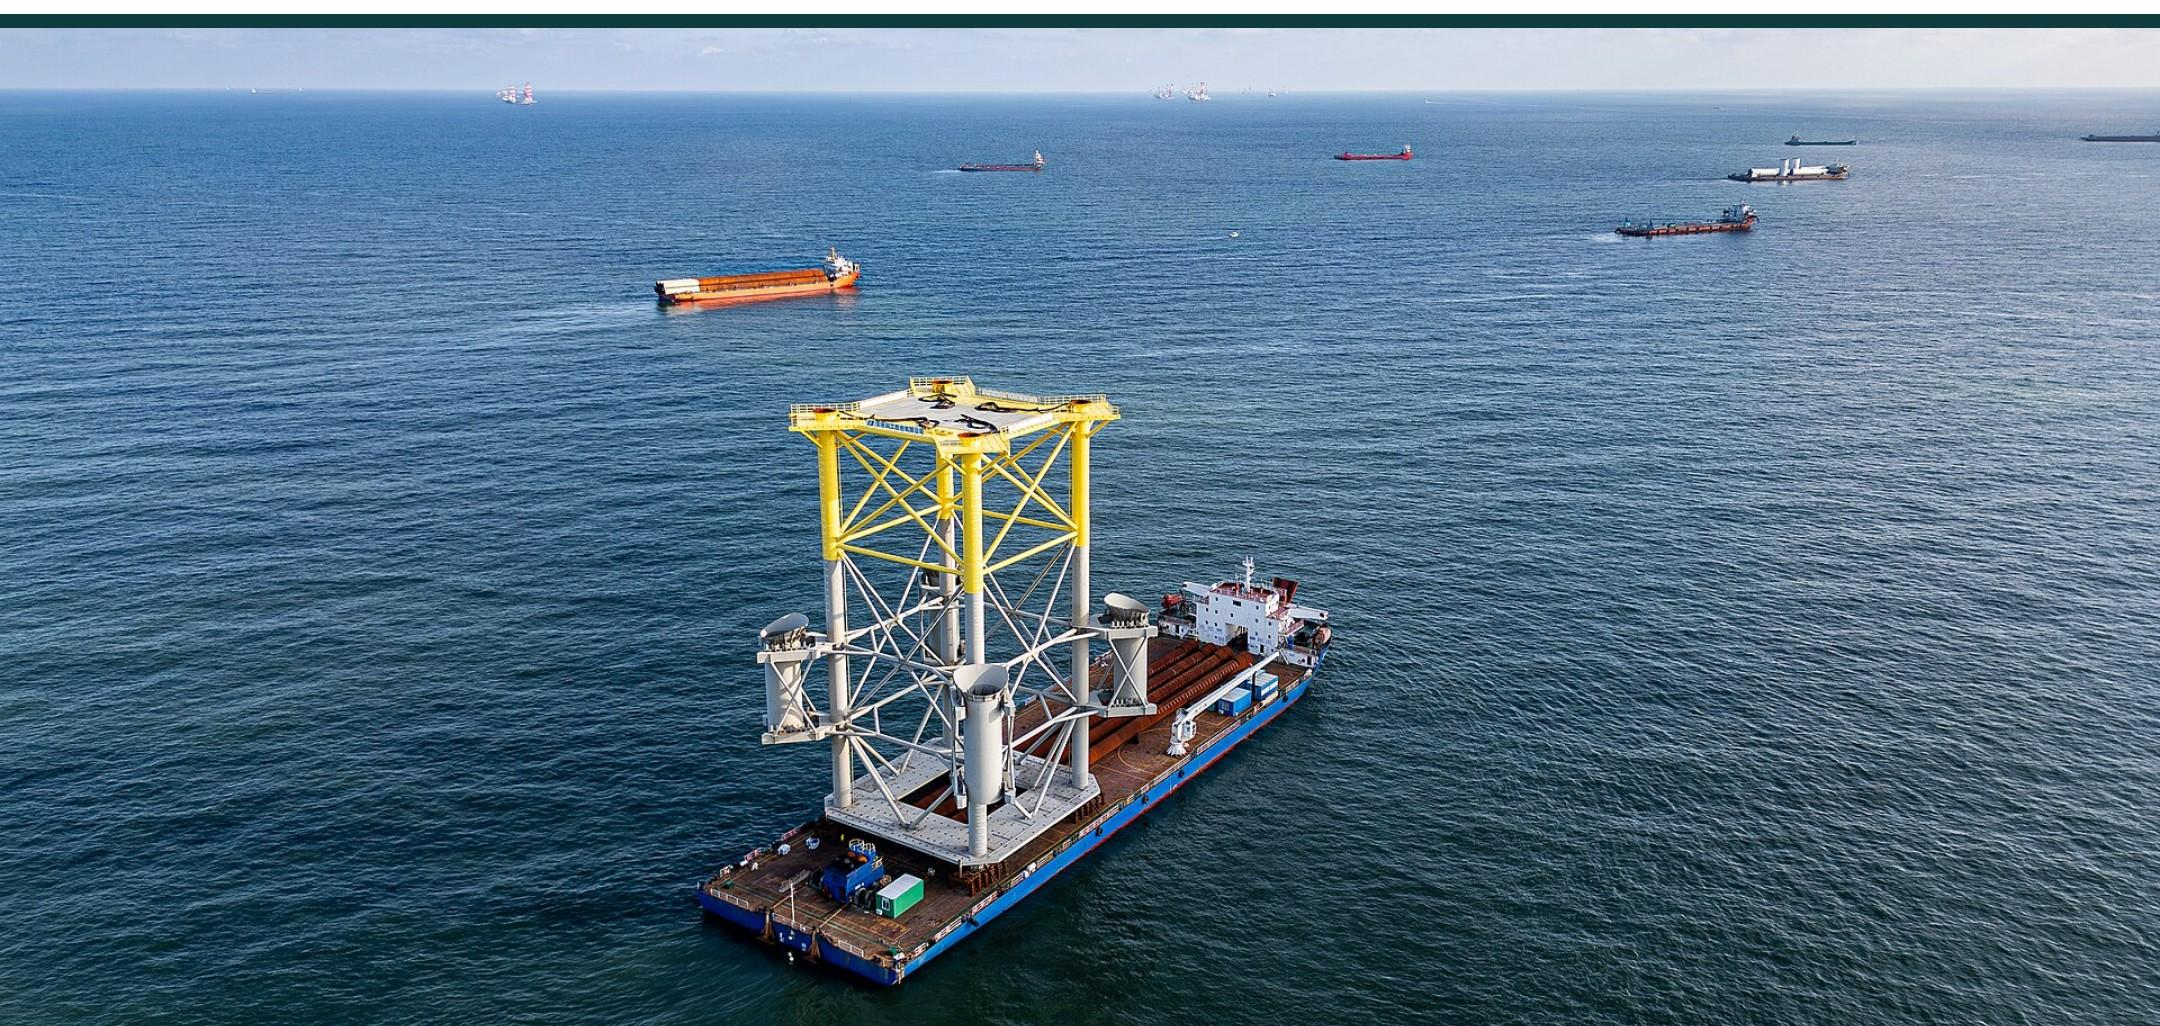

KEY FACTS

- Valued at A\$3.9bn (about \$2.7bn), per the report
 - 25-year PPA with Rio Tinto for 80% of the project's electricity
 - State approval in 2025; selected under the Capacity Investment Scheme in May 2026
-

WHAT TO WATCH

Construction start targeted for 2027. The report does not name an EPC contractor or turbine supplier yet.

PROJECT 2 OF 3

Awarded

Taiwan

Offshore Wind

NYK orders offshore wind service operation vessel for Taiwan

1 SOV

offshore wind service vessel ordered by NYK Line

NYK Line has ordered an offshore wind service operation vessel (SOV) for deployment in Taiwan, Splash247 reports.

PROJECT 2 OF 3 • THE OPPORTUNITY

NYK orders offshore wind service operation vessel for Taiwan

WHO

Owner: NYK Line. Shipbuilder: PaxOcean, per the Splash247 article headline.

OPPORTUNITY FOR

Contract awarded. The yard order means marine equipment, systems and outfitting suppliers now deal with the shipbuilder. Taiwan offshore wind O&M contractors should also note a new service vessel coming.

KEY FACTS

- Reported by Splash247 on 25 Sep 2026
 - Classified as a medium-scale offshore wind project
 - One of two Asia Pacific projects in today's scan
-

WHAT TO WATCH

The feed gives no delivery date, contract value or target wind farm for the vessel. These are the next details to confirm.

PROJECT 3 OF 3

Awarded

Zambia

Solar

Nava opens 100MW solar power plant in Zambia

100MW

solar plant capacity, Zambia

Nava has opened a 100MW solar power plant in Zambia, according to a news item from 25 Sep 2026.

PROJECT 3 OF 3 • THE OPPORTUNITY

Nava opens 100MW solar power plant in Zambia

WHO

Owner: Nava. EPC: Not named in the report.

OPPORTUNITY FOR

The plant is reported as opened, so the construction packages are likely already let. The relevance now is to O&M providers, spares and inverter service suppliers, and to developers tracking utility-scale solar in Zambia.

KEY FACTS

- The only Africa project in today's scan
 - Classified as a medium-scale solar project
 - Surfaced via a Google News item dated 25 Sep 2026
-

WHAT TO WATCH

The feed does not name an offtaker, EPC contractor or grid connection details. These are the next facts to confirm from Nava.
